Technical Advisory Committees

The Highlands Council would like to thank the following Technical Advisory Committees for their assistance in providing technical advice and information that aided in the preparation of the MPRR.

Agricultural Resources
Economic Development
Future Land Use
Historic, Cultural, Archaeological, and Scenic Resources
Implementation

Land Owner Equity
Natural Resources
Transportation and Air Quality
Water Resource Protection
Water and Wastewater Utilities
Water Resource Protection

Dedication

This document, the first re-examination and evaluation of the Regional Master Plan, is dedicated to **Christine M. Ross**, Senior Resource Management Specialist, loyal defender and advocate of the Highlands Region since 2006. Chris was integral in the research, development and science behind the Ecosystem Management Technical Report as well as in production and implementation of the RMP. Her expertise, institutional knowledge and brilliant smile will be missed immeasurably.
