JCP&L Califon Substation	JCP&L	Installation of new, BPU-approved electrical substation in historic district. Review of consistency with Highlands Act regarding historic resources specifically.	Hunterdon	Tewksbury	17	2	Exemption 11 Preservation	11	Closed	Inconsistent with RMP	6/8/2010	Based on the review of this project and in consideration of comments received and the standards for Exemption #11 review, the Highlands Council finds that the Landscape Plan submitted by JCP&L will not adequately "screen the substation from adjacent homes and roadways and complement the character of the existing historic district" as required by NJDEP's conditional HAD and also is not consistent with the goals and purposes of the Highlands Act. Accordingly, the Highlands Council does not approve the submitted Landscape Plan. It is the recommendation of the Highlands Council that the submitted Landscape Plan be found not to satisfy the condition of the NJDEP Exemption #11 and that the proposal is not consistent with the goals and purposes of the Highlands Act.
JCP&L 230kv Wire Replacement	JCP&L	Replace three existing 230kv electric wires between Holland Township and Lebanon Township	Hunterdon				Exemption 11 Preservation	11	Closed	Advised applicant that consistency review of proposed project will be conducted	7/6/2010	Council staff advised applicant via July 6, 2010 letter that a consistency review of the proposed project will be conducted by Highlands Council staff. Staff encouraged applicant to submit any additional information that may assist in the review, particularly the specific locations of temporary disturbance and a more precise analysis of the amount of temporary disturbance.
Spectra Energy Transmission NJ-NY Expansion. (FERC Docket #PF10-17)	Spectra Energy	Proposed replacement of 4.5 miles of line from Linden to Staten Island and proposed 15.5 miles of new pipeline from Staten Island through Bayonne and Jersey City to NYC (not in Highlands Region). A new facility to be built at the existing Hanover Compressor Station in Morris County (in Florham Park - not in Highlands), and a new facility to be built at an existing Metering and Regulating (M&R) station in Mahwah.	Bergen	Mahwah			Exemption 11 Preservation	11	Closed	Advised to Apply to NJDEP for Exemption 11	10/14/2010	Letter to applicant explaining Highlands Council staff review authority in the Preservation Area, procedures regarding applying for Exemption 11, and the results of staff preliminary analysis.
Hackettstown MUA Water Pollution Control Plant Solar Array	Hackettstown MUA	Development of a solar array comprised of 210 solar modules supported on a metal racking structure. The total surface of the footings in aggregate will be less than 100 square feet. The footprint of the array itself will be 4,000 square feet. The solar array will provide electricity to the HMUA directly.	Morris	Washington			Exemption 11 Preservation	11	Closed	Consistent	1/4/2011	Project is consistent with the RMP policies regarding renewable energy, energy efficiency, and greenhouse gas reductions. Project location is disturbed (maintained lawn) and no sensitive resources would be affected. NJDEP was advised that the proposed project "is consistent with the goals and purposes" of the Highlands Act, and thus, the Council does not object to the NJDEP's issuance of an Exemption (No. 11) for this project.
Meredith Court Water Tank	Meredith Court	Construction of Township water storage tank to serve existing development along Meredith Court (public health and safety – fire protection.)	Morris	Jefferson			Exemption 11 Preservation	11	Closed	Consistent with Conditions	4/26/2011

Highlands Council staff coordinated the meeting with NJDEP regarding the proposed Highlands Redevelopment Area Designation project because of concerns regarding impacts to undisturbed environmental resources. NJDEP staff indicated that with the extensive environmental resources that would be encroached by the proposed project (e.g., C1 stream buffer, forest, mapped threatened and endangered species habitat) that it would be unlikely that an HPAA would be issued by the Department. It was agreed by all that the best course of action moving forward would be for Dr. Mahmood to pursue a Takings Waiver from the NJDEP.

No building, water service, or septic system is proposed	Bergen	Oakland	201, 202	1-6, 2	Redevelopment		Closed			Highlands Council staff met with applicant on 12/5/12 so applicant could present project. Council staff identified deficiencies in the application. The application was resubmitted to the Council on 12/26/12. The Council had requested additional information, while continuing to work with the municipality in support of their pending PC Petition. On 1/7/14, the Highlands Council received additional materials from the applicant which included Oakland Mayor and Council Resolution recommending that portions of Lots 1,2,3,4, and 5 Block 201 and a portion of Lot 2, Block 202 be designated as a Highlands Redevelopment Area. The applicant also supplied information regarding mitigation, which the Highlands Council requested in 12/12. Application requires municipality to serve as applicant because multiple parcels and owners are included. A meeting was held on September 29, 2014 between applicant, municipality, Highlands staff, and NJDEP staff to discuss project and possible steps moving forward. Applicant submitted a complete application in October 2014. Highlands Council staff conducted a site visit. At the December 4, 2015 Highlands Council Meeting, the Highlands Council determined that does not meet the applicable criteria for a Highlands Redevelopment Area Designation.
